About us

Created as Sunshine Machinery (A Division of AD Group) in 2015, we became "Sunshine Globalpack Solutions" in 2024.

We are Manufacturers and Exporters of snus/Nicotine Pouch packaging Machine and allied systems along with latest Servo based machines. Our C.E.O. Mr. Ajay Dabas has a core experience of snus/nicotine pouch packaging machines design, development & manufacturing along with latest development of Automatic high-speed snus/Nicotine pouch packaging systems in zipper pouches and cans. Our Machines are made in a state of the art manufacturing facility with latest quality control methods of parts manufacturing & inspection along with skilled and experienced technical team. The overall experience of Mr. Ajay Dabas is about 22 years in this Hi-tech line, and he is practically self-involved in each and everything in order to give a production proven product in this upgrowing technology Demanding market.

TWIN HEAD 14 AXIS MACHINE

Model : ADAS-1400

KEY FEATURES

- Space Saving / Energy Saving model Ideal for Packing Nicotine / Caffeine Pouches.
- World Class Automation of OMRON Japan with AI Interface & Pouch Recognition Vision } Technology for Quality Product Needs.
- Single /Double Screen Operation for ease of Operator.
- Highly Precision of Length & Weight with control through a big HMI.

AUTOMATIC NICOTINE POUCH PACKAGING LINE

Model : SGP-APL50

KEY FEATURES

- 7 Axis Latest Servo Based Motion Control Technology (OMRON, JAPAN).
- High Precision Planetary Gearboxes with Zero Backlash for High Accuracy.
- Precise Weight & Length Control Through HMI.
- First Ever Designed & Installed Paper Feeding Servo based Unit for Controlling of Paper Wastage & Precise Feeding of paper to paper Pulling Unit.
- Highly Accurate and Rugged Model First Ever made with core experience for market needs.

Model : ADAS-600

COMPLETE NICOTINE POUCH PACKAGING LINE EQUIPMENTS

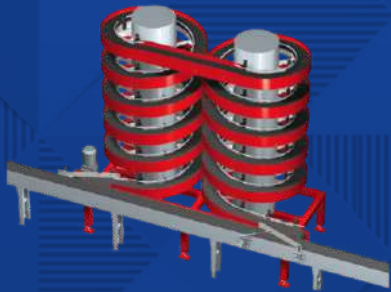

Model : SGP-APL50

METAL DETECTOR WITH COMBI CHECKWEIGHER

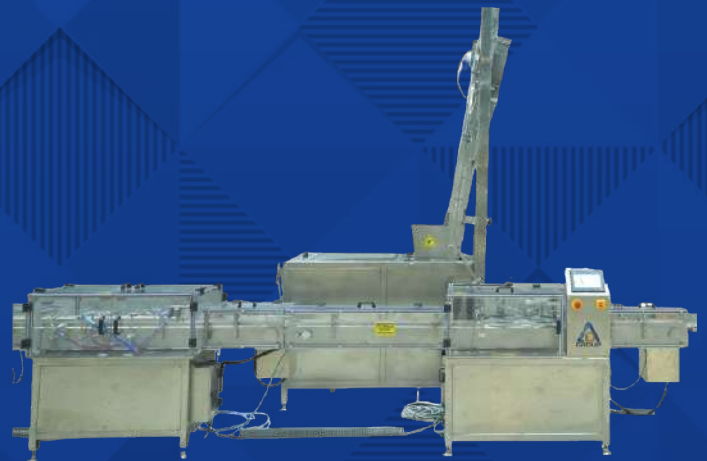

AUTOMATIC SERVO BASED 3 SIDE LABELLING MACHINE

ACCUMULATOR BUFFER CONVEYOR

SHRINK WRAPPING MACHINE

AUTOMATIC SPRAY WITH CAPPING MACHINE

HIGH SPEED SNUS/FILTER TOBACCO PACKING SOLUTIONS

KEY FEATURES

- Most Popular Model in India & Asia
- High Speed upto 300 Pouches per minute

MANY SECONDARY POUCH PACKAGING OPTIONS

**HIGH SPEED SNUS/TOBACCO
PACKING MACHINE
MODEL: SPM30-1T**

**PICK FILL SEAL MACHINE
(FOR PREMADE POUCHES)**

**PACKING SYSTEM
(1+1 Automatic Packing System)**

COMPLETE LINE WITH ZIPPER MACHINE
